## START BALL ROLLING

Eleven Football Candidates Out for Hatchetite Team.

KELLEY FOR QUARTER BACK

Park-Tom Doran, Former Tech Star, Will Try for Center-Crafts. Eickoff, and Hooten Out.

By WILLIAM PEET.

Capt. Roy Alston, with eleven husky candidates for the George Washington football eleven, started practice on the Potomac Park grounds yesterday afternoon, the idea being to get the men into some sort of condition for the strenuous season ahead and the still more strenucus schedule.

Two of the new men showing consider able promise are Tom Doran, formerly of Technical High and last year subcehter on the University of Michigan scrubs who tips the scales at 180 pounds and is remarkably fast on his feet, and Morris, out for one of the guard positions, about the size of Doran, who looks to be of 'varintention of trying for quarter back-Kelley, who has seen experience at Lafayette, and a youngster named Boss, from one of the District amateur elevens.

Crafts Shows Up. In addition to the men mentioned in the foregoing, Crafts, the star half back of last season; Al Pagan, Hooten, Eickoff,

Waters, and Clark were on hand. Only the lightest kind of work, such as and Sunday to any address in Alexandria for 50 passing the ball, punting, and getting cents a month, down the field under punts, was attempted, many of the candidates being sadly out of condition. Capt. Alston himself wants to take off about twenty pounds, while Eickoff is also carrying around more weight than he needs.

According to present plans, Capt. Alston will have his men at work on the Potomac Park field for a month, or until the baseball games are over at National Park and the ball grounds can be utilized. Daily practice has been ordered, and as the men get hardened the work will increase. It is expected that the remaining last year's veterans, including Ellis, Thrall, and others, will show up

before the week closes.

If a man can be developed to take the showing. Kelley seems to be first choice for the job at present. He is a big chap, and said to be very fast.

Byrd Will Be Missed.

Byrd's only drawback was his lack of that he displays some of Byrd's coolness rooms. and gray matter, for without Byrd, the Hatchetites would not have made such \$25,000. It is understood that the contracts a fine showing last season.

Roy Alston gives promise of rounding into an ideal captain. He is not only popular with his henchmen, but is a close student of the game, and a splendid

MONTEREY IS WITHOUT FOOD

Territory Along San Juan River and Its Tributaries Has Been Rendered Desolate-Devastation Complete in Inland Towns-American Consul Supplying Relief to All Applicants,

Mexico City, Aug. 30 .- Conservative estimates of the damage by the flood at Monterey place the dead at 1,400 and the property loss at \$12,000,000. The river has

receded and the danger is over. One quarter of the city was destroyed, and 15,000 persons to-day are homeless. The water mains are useless and the supply; neither is there light or street car service, as the power plant has been

damaged. It will be impossible to resume trainservice for a week, and as a result the slaughterhouses have been destroyed. Ten thousand people are fed on bread, coffee, and soup by the municipal authorities, and the American consul is giv-

ing food to all who apply. Recovering the Bodies.

The work of recovering bodies of the flood victims is still in progress. No official report of the number recovered has yet been issued, but it is known that

The villages in the Santa Catarina conada, and Ojo Caliente was especially

All along the San Juan River and its tributaries there is a broad scope of territory which is rendered desolate by the flood. Thousands of acres of irrilocated in these valleys. Their devastation is complete.

In some places the river attained a width of twenty miles. Many daring feats of rescue were performed in the welcomed by Mr. J. H. Williams, a promvillages and rural districts. Tom Hammond, a miner of Ramos Arispe, was at the village of Milpa when the flood swept down upon that place. He floated to the bank on a piece of driftwood. He was a splendid exhibition of feminine says that while the flood was at its height an American named Samuel Cow-From start to finish, the Jolly Nine, of ell, who has a farm in that vicinity,
